

Plantation Quartet

You needn't purchase
White House journalists.

No necessity as most kiss
up & never tell. Oh be-

sides plants, there's great
examination: 1)MORAL, re-
specting such sucking toads,

2)POLITICAL, regarding
Milquetoast Masquerades
as "Liberals" 'neath

rutting overseers whose
lascivious greed proves

"Love of Freedom." Ramp un-
der which the rest of us,
in turn, get raped

for our own good. (I heard
we were asking for it.)

All, at any rate, has
gotten awful-

ly old, especially
3)CONSTITUTIONAL,

with shills vamping
the 1st Amendment. But
more uplifting still,

The Art of the Pro-
fession taking us

to 4)AESTHETIC,
or feeling whole.

Keep the tits
above the fold.
